SUMMARY

I am passionate, proficient and self-motivated web developer. Like to develop single page application using react and back end technology like Node.js, MongoDB. I also have solid knowledge in responsive design with HTML5, CSS3 and Bootstrap.

TECHNICAL SKILLS

Comfortable: JavaScript, ES6, React, React Router, React Hook, React Bootstrap, Firebase Authentication, JSON, REST API, HTML5, .CSS3, Bootstrap.
Familiar: Node.js, Express.js, MongoDB, Material UI.
Tools: VS Code, Git, Chrome Dev Tool, Netlify, Heroku, Firebase, Subline-Text 3, Brackets.

PROJECTS

Creative Agency
🔗 https://reza-creative-agency.web.app/
⌨ https://github.com/rezafset/creative-agency-client
Overview:
- A Complete MERN Project where a user can order any agency service.
- User can see all order services that he/she placed and can give review of those services.
- Admin can add new service and can see full user ordered services list.

Technology: React, React Router, React Bootstrap, Firebase, Heroku, Node.js, Express.js, MongoDB.

Volunteer Network
🔗 https://reza-volunteer-network.web.app/
⌨ https://github.com/rezafset/volunteer-network
Overview:
- A full stack volunteer network website using react bootstrap.
- Here a user can choose any event and register as a volunteer.
- Admin can see a full volunteer register list and can delete any registration.

Technology: React, React Router, React Bootstrap, Firebase, Heroku, Node.js, Express.js, MongoDB.

PROJECTS

Hot Onion
🔗 https://reza-hot-onion-food.web.app/
⭘ https://github.com/rezafset/hot-onion-project
Overview:
- A responsive restaurant app using react with firebase authentication.
- User can order their favorite food as required.
- Users have options for different categories of food like breakfast, lunch, and dinner.
- Before order, the user needs to sign up on the website.
- Automatic calculation and functionalities are added for every order.

Technology: React, React Bootstrap, HTML5, CSS3.

EDUCATION

University of Science & Technology Chittagong
Bachelor of Engineering
Department: Computer Science & Engineering
Passing year: 2017

EXTRACURRICULAR ACTIVITIES

- Former Executing member of "USTC Programming Club"
- Former Executing member of "USTC Research Club"
- Former Executing member of "USTC Cultural Club"
